EDUCATION

C. V. Raman Global University **Bhubaneswar, Odisha**
Master of Computer Applications **CGPA:** 8.56

TECHNICAL SKILLS

- **Programming:** Java, Python, JavaScript, HTML,CSS, SQL, C
- **Frontend:** HTML5, CSS5, JavaScript, Bootstrap,tailwind CSS
- **Backend:** Java, node.js , express.js,REST API
- **Database:** MySQL,Oracle,MongoDB,
- **Tools:** IntelliJ, Jupyter Notebook, Eclipse, IntelliJ IDEA, Eclipse, VS Code, SQL,Git , Github
- **Microsoft office :** Excel , power point , word

SOFT SKILLS

- **Leadership:** Demonstrated by taking initiative and guiding team projects.
- **Team Collaboration:** Working cohesively with peers to achieve common goals.
- **Effective Communication:** Clearly conveying ideas and facilitating discussions.
- **Problem-Solving:** Addressing challenges and finding solutions during projects.
- **Adaptability:** Adjusting to new roles and responsibilities as needed.

Experience

Software Developer (Mobile & Automation) — Abrosys Technology Pvt. Ltd. **Present (4 Months)**
Tech Stack: React Native (Expo), Java (Android Studio), REST API, Windows Installer (EXE/MSI), XML/JSON, Git

Projects & Responsibilities:

- Developing and maintaining multiple production mobile applications (ETA Mobile, Task_Cafe, NMF News app) using React Native (Expo).
- Built core front-end features including login flows, dashboards, navigation systems, state management, and API integrations.
- Worked extensively on API call integration, handling JSON/XML responses, error handling, validating responses, and improving UI responsiveness.
- Improved existing Java-based Android modules in Android Studio, including debugging UI issues and fixing API-related bugs.
- Contributed to ETA Bot Automation System, including:
- Device data extraction, analysis, and tracking
- Implementing active user monitoring logic
- Supporting AI-driven automation workflows
- Performed manual testing of mobile applications to identify frontend, API, and UI/UX issues before deployment.
- Learned and implemented APK & AAB build process through Android Studio and Expo.
- Created Windows installers (EXE & MSI) for internal tools using Advanced Installer.
- Collaborated with backend and QA teams to deliver stable builds, fix bugs quickly, and optimize performance across different devices

ACADEMIC ACHIEVEMENTS

I have demonstrated significant academic improvement, **starting with a 45% in 10th grade**. Through disciplined study habits, I increased my score to **71% in 12th grade**. Continuing this upward trend, I earned **75% in my Bachelor's** degree and achieved an impressive **84% in my Post Graduate** Diploma in Computer Applications (PGDCA).
